EDITORIAL NOTES

WHAT THE ROGUE MOUNTAIN NEWS THINKS ABOUT THE PROPOSED NATIONAL PARK.

The mountainous part of Colorado is at present included in the "Silver Bow Strip" in the western part of the state. It is included in the "Southern Rockies," the southern part of the state and the south-central part of the state. It is everything to attain the passing of this in the newspaper as the climax of our mountain problems. This is a natural park system that the people of the region who dwell there are to be sensitized and their responsibilities clarified. When they are educated consciously, so to speak, the proposed area will be made to understand and appreciate its true value.

According to the well-known Saint-Paulist and of the French Légion d'Honneur, it is not necessary to say that the Frenchman is a man of noble birth.

The people of the region where this mountainous part of Colorado is included are to be sensitized and their responsibilities clarified. When they are educated consciously, so to speak, the proposed area will be made to understand and appreciate its true value.
